

The 'Seven-Year Cycle'

The FCCAP has established a repeating timeline for accreditation to insure that schools meet standards for beliefs and mission, personnel, program of learning, etc. Here is how it works:

Self-Study using SIP model from FCC's agreement with the NSSE
- 12 to 18-month period.

On-Site Visitation by personnel from other parts of the program (i.e. other Dioceses than host school) - 3 days in a Fall or Spring semester.

Third-Year Review with administrators, pastor, faculty, parents, FCC representative, etc.
- 3 ½ years after Visitation.

New Cycle Begins - about 7 years after start of Self-Study.
